DC COMICS AND BRIAN MICHAEL BENDIS PRESENT
WONDER COMICS

I was a Marvel kid (duh), but I was a DC teenager. I was in high school when John Byrne came to SUPERMAN and Frank Miller was on BATMAN and George Pérez was on WONDER WOMAN. Those three creators alone brought me to DC at a time when the company was making some of the most innovative and celebrated comics ever. They were speaking to me like nothing else in the world was. I was a teenager discovering myself through this art form and these worlds and characters. These comics told me I might have something like a voice and a place in the world. These comics were as big a part of me becoming who I am as anything else that was going on in the "real world."

We want to celebrate that absolutely wondrous time of life when you are just about to become the person you are destined to be, when you just start to discover your true potential, and even that magical momen when you first start to figure out the world before the world figures out you.

We want to make comics that celebrate wonder. The wonder of life, love and comics.

Taking a page from Neil Gaiman's SANDMAN UNIVERSE line, Wonder Comics is a pop-up imprint that will be a boutique collection of exceptionally well-crafted comics that reflect our deep love and affection for these characters and this amazing medium.

We'll have many surprises for you in the coming months, but the first wave of Wonder will comprise these four new series:

• YOUNG JUSTICE, written by Brian Michael Bendis with art by Patrick Gleason. Our flagship book, YOUNG JUSTICE represents themes and ideas I've championed my entire life. We're bringing back your favorite characters from Young Justice past, and in great Young Justice tradition, we're introducing you to brand-new voices and energies.

• NAOMI, written by Brian Michael Bendis and David Walker with art by Jamal Campbell. A new character with a very different and unique relationship to the DC Universe, NAOMI is the story of a young woman whose origins are far more than she could ever have imagined.

• WONDER TWINS by writer Mark Russell and artist Stephen Byrne. Alien twin teenagers living on Earth with a crazy scientist, a pet space monkey and painfully embarrassing psychic connections to each other.

• DIAL H FOR HERO by writer Sam Humphries and artist Joe Quinones. One of the great DC ideas of all time! If you dial the word H-E-R-O on an old rotary phone, it turns you into a superhero (or super-villain!) with superpowers–for just one hour. Once you got a taste of the device, would you ever give it up? If you lost it, would you ever stop chasing it?

Wonder Comics is all set to give you gorgeous, honest, innovative–and yes, wonderful–comic book experiences. These are comics for readers of all sorts who want to come together to share the wonder of the universe. Thank you for joining us on this brand-new mission.

THE OTHER HISTORY OF THE DC UNIVERSE #1

written by
JOHN RIDLEY

art and cover by
ALEX DOS DIAZ

variant cover by
TBD

Academy Award-winning screenwriter John Ridley (*12 Years a Slave, Let It Fall*) examines the mythology of the DC Universe in this compelling new miniseries that reframes iconic moments of DC history and charts a previously unexplored sociopolitical thread as seen through the prism of DC Super Heroes who come from traditionally disenfranchised groups.

This unique new series presents its story as prose by Ridley married with beautifully realized color illustrations from a selection of exciting illustrators and comics artists. Alex Dos Diaz provides art for #1, which follows the story of Jefferson Pierce, the man who will one day become Black Lightning, as he makes his way from being a young track star to a teacher and, ultimately, to his role as a hero.

Future issues focus on characters such as Karen and Mal Duncan, Tatsu Yamashiro and Renee Montoya.

Extensively researched and masterfully executed, THE OTHER HISTORY OF THE DC UNIVERSE promises to be an experience unlike any other. You may think you know the history of the DC Universe...but the truth is far more complex. THE OTHER HISTORY OF THE DC UNIVERSE isn't about saving the world–it's about having the strength to simply be who you are.

SUPERMAN 100-PAGE SUPER-SPECTACULAR #1

written by
MARV WOLFMAN

art and cover by
CLAUDIO CASTELLINI

"This is the best Superman story I've ever written." So says living legend Marv Wolfman, and when you've written hundreds of Superman stories as he has, it means a great deal. This gem of a tale–written and drawn from 2006-2009 for the SUPERMAN CONFIDENTIAL series–explodes from the DC archives as a triumphant tale of Clark Kent's fateful first days in Metropolis, which were far from easy. His early failures almost ensured there would never be a hero called Superman. Powerful writing and stunning art combine to conjure an inspiring story that needed to be published, one you will never forget, from a pair of master storytellers.

HOWARD CHAYKIN

Powerhouse looks to turn the Scarlet Speedster into a scarlet skid mark! The two Force wielders find themselves at odds when Alexa wants to overthrow the criminal government of Corto Maltese that's crushing her people. (Remember that locale from THE DARK KNIGHT RETURNS?) Barry must quash their beef and convince Powerhouse to join his Force Quest if he ever hopes to learn the secrets behind these new Force powers!

Then, the Flash tracks down a new user of the mysterious Sage Force, a young Zandarian spy named Bashir (a.k.a. Psyche), who's just starting to understand his newfound abilities. Here's hoping he's a quick study, because the Flash needs his help against the dual threat known as Gemini, who wants to steal both the Speed and Sage Forces! And whose side is Powerhouse on when the Strength Force agent shows up to flex her muscle?

And in issue #63, it's two against one when Gemini tag-teams the Flash! The threat is doubled for the Scarlet Speedster when Gemini gets their hands on the Strength Force. But where's that leave Powerhouse? She and the Flash must ride or die together in order to get her superstrength back, but they'll have to survive a trip through the Strength Force first. Follow along in the Flash's footsteps on the next leg of his Force Quest!

VIKTOR BOGDANOVIC

written by
JEFF LEMIRE

covers by
EVAN "DOC" SHANER

The Terrifics...terminated! The team has called it quits and gone their separate ways–with less-than-terrific results. Plastic Man meets his estranged wife and son, now developing his own plastic powers; Metamorpho is still stuck in his human form as Rex Mason, unemployed, unqualified and going broke; Phantom Girl's stuck in an arranged marriage back on her homeworld of Bgztl; and Mr. Terrific hunts the escaped Doc Dread, who travels the Multiverse collecting alternate Mr. Terrifics for murder-sport.

The Terrifics disband, but they're going to need to get back together if they're going to save Mr. Terrific from Doc Dread's new team, the Dreadfuls! Plus, Rex Mason takes a huge plunge, Phantom Girl bolts Bgztl and Plastic Man stretches out the family drama with his son Luke, who's struggling with his own super-elastic powers. Will our heroes reunite in time to save Mr. Terrific–from an evil version of themselves?!

While the Titans have spent months responding to Source Wall-related threats, Mother Blood and the Blood Cult have been studying that energy and learning to harness it for their own malevolent purposes. In this special villain-focused issue, discover what the Cult has been up to and why everything the Titans have done up to this point may have been for naught, and how they just might be playing into the ultimate trap!

And in issue #33, it's "Into the Bleed" part one! Raven's soul-self has been trapped in "Unearth" for months, and the team finally figures out a way to return and save their teammate. Not only that, but the formerly fictional fantasy realm holds a crucial key to finally unlocking the mystery of the Source Wall energy–so they may be saving the entire Earth in the process! Only one problem: the Blood Cult may have beaten them to it.

Love is dead–according to the Goddess of Love! A furious Aphrodite holds Steve Trevor captive in the middle of a war zone and tries to convince him of that very proclamation, but the hopeless romantic refuses to abandon his feelings for Wonder Woman. Meanwhile, Diana, the object of his affection, gets trapped in the bombed-out capital, where she finds the remnants of the local government and uses all her diplomatic prowess to convince them to end the conflict. Can Diana, Steve and Aphrodite end this war, or will Ares end up dancing on all their graves?

And in issue #62, it's the final knock-down drag-out battle between Ares and Wonder Woman–but is there still any hope of changing the young god's ways before he hardens into the worst possible version of himself? And if he does...is Wonder Woman to blame?

Then, when Themyscira and the remnants of Olympus fell, the Gods weren't the only refugees to come to Earth. A small horde of mystical creatures have found their way here, and they're determined to start new lives...but what happens when the people of our world are equally determined not to let them? Can Diana open their minds and show them that a centaur is more than half a person?

Cleveland. 1935. Eliot Ness, fresh from his legendary Chicago triumph over Al Capone and associates, set his sights on Cleveland. He went on a crusade that matched, and sometimes even surpassed, his past accomplishments. But dismembered body parts started washing up in a concentrated area of Lake Erie Sound. Headless torsos that left no clues to their identities or reasons for death. Ness and his colorful gang of the Unknowns chased this killer through the underbelly of Cleveland for years. As far as the public was concerned, he was never captured. But what really happened is even more shocking.

This 12.5 " statue is based on a piece from renowned artist Stanley "Artgerm" Lau, and features Supergirl dressed in a fan-favorite alternate and more casual take on her costume–her traditional armor-clad blue top and red skirt are replaced with a white crop top and a blue skirt.

Carefully detailed in polyresin to match Lau's beloved take on Kara Zor-El, the statue captures the joyful and heroic elements of the character, perfect for any Supergirl fan.

DARK NIGHTS: METAL BATMAN: THE MERCILESS STATUE

based on the art of
GREG CAPULLO
sculpted by
NEOBAUHAUS

"MY WHOLE LIFE, I HAD BEEN AFRAID OF DOING WHAT I KNEW NEEDED TO BE DONE. AFRAID TO GIVE ALL OF MYSELF TO THE BATTLE. THE HELMET SHOWED ME THAT MY CODES AND RULES WERE NAIVE. THAT ALL THAT TRULY MATTERED WAS VICTORY. AND NOW I WOULD FINALLY TAKE IT FOR MYSELF."

Rocking into our world from the pages of DARK NIGHTS: METAL comes the bloodthirsty Merciless. A nightmarish fusion of Batman and Ares, this member of the Dark Knights is a supremely powerful warmonger, taking all of the best tactical skills of Batman and pairing them with the might of Ares.

This 8.46" tall polyresin statue is menacingly detailed based on the art in the miniseries. From the stunning, amplified Ares Bat-helmet that corrupted the Caped Crusader to the chains highlighting the blazing blue armor to the God Killer sword, it will command the room no matter where it stands.

DC DESIGNER SERIES: BOMBSHELL HARLEY QUINN AND THE JOKER BY ANT LUCIA ACTION FIGURES

While their love may never fade, The Joker and Harley Quinn are splitting up. Or more accurately, fans can pick up these two DC DESIGNER SERIES: ANT LUCIA figures singly. Designed to evoke the legendary V-J Day photo "The Kiss," fans can now choose sides between DC's most infamous crime couple or pair them together.

Harley is decked out in a retro nurse's outfit, wonderfully reminiscent of the women helping the good fight of the Bombshells era. She comes with two interchangeable heads, so fans can present her smiling or with a kiss head, ready to re-create the iconic embrace.

Harley's beloved, The Joker, is in throwback sailor's garb, albeit with a custom twist–touches of green, purple and black. His face may show a bit of bewilderment from the moment, but we'll leave it to our fans to guess what he's really thinking about the smooch.

sculpted by
ALEJANDRO PEREIRA

HARLEY QUINN RED, WHITE & BLACK statues are based on art from the comics industry's top creators and re-create their vision of the red-hot villain in vivid 3-D detail.

For the latest statue in the line, the team drew inspiration from Frank Cho's variant cover for HARLEY QUINN #50. One can see a bit of panic in Harley's eyes as she scrambles to rid herself of the bomb and, in the process, save the ducks adorning her custom nameplate stand. This piece is a great addition to the collection of anyone who loves Harley, old-timey bombs and street-crossing waterfowl.

based on the art of
SEAN MURPHY
sculpted by

On his own or paired with the BATMAN BLACK & WHITE: WHITE KNIGHT BATMAN, this Joker makes a great addition to any collection.
